RE: Direct Energy Services, LLC's Quarterly Environmental Disclosure Report

Dear Mr. Stutsman:

Direct Energy Services, LLC ("Direct") was granted a license by the Illinois Commerce Commission ("ICC") to act as an Alternative Retail Electricity Supplier ("ARES") on December 21, 2005 under Docket No. 05-0722. As stated under 83 Ill. Adm. Code 421, each ARES is required to file an Environmental Disclosure Report every quarter describing the sources of electricity, and the pollutant emissions attributable to those sources, used to provide retail electricity service.

Direct did not provide any electricity to customers during the current reporting period, therefore no reportable data accompanies this letter. At which time Direct serves customers, the appropriate data will be filed and provided to customers.

Please do not hesitate to contact me with any questions or concerns at 203-328-3556 or via e-mail at lisa.hawke@directenergy.com.

Thank you,

A handwritten signature in blue ink, appearing to read 'Lisa Hawke'.
